TOP GUN MAVERICK

The decades-in-the-making sequel starring Hollywood A-lister/daredevil Tom Cruise is one of the most highly anticipated movies of 2022

The prequel was visually stylish, trendsetting (sunglasses, watches, etc.), and a cult classic that remains relevant in pop culture, even today

The three official trailers have amassed over 74 million views on YouTube since their respective 2019 and 2022 releases

Armed with a barrage of groundbreaking and breathtaking aerial fighter jet sequences, Maverick will be the ultimate treat for action lovers

The movie's production budget amounts to 10x more than the budget of the prequel that became the highest-grossing movie of 1986

We're strapped in and ready to head in to the **'Danger Zone'**
